## ON SAFARI IN TANZANIA

The Swahili word 'safari' literally means 'journey'. Today, the word has been adopted throughout Africa to encompass the thrill and excitement of game viewing. East Africa lays claim to some of the world's finest game viewing against a backdrop of diverse and dramatic landscapes.

## ON THE ROAD

Safaris often cover long distances on rough and uneven roads and may be dusty or muddy. Drives between game parks and lodges are made at a relatively high speed in order to make the journeys as comfortable as possible. Occasionally vehicles may become stuck in mud or even break down, but help is normally available nearby.

Safari vehicles are not air-conditioned. Approximate distances are given between points on each itinerary, but take these as a guideline only, as travel may take longer than expected due to poor road conditions or unexpected wildlife sightings. Changes to itineraries and camps or lodges are sometimes unavoidable.

## GAME DRIVES

A safari guarantees both excitement and the unexpected! This includes close encounters with wild animals, bumpy roads and helping out when the odds are down. Game drives normally take place early morning and evening when the animals are more active, and last between one and two hours. At some lake lodges game drives are not provided, Although optional excursions may be purchased locally. Game drives are not included at tree lodges, as they overlook waterholes and salt licks which attract animals during the day and night. It is worth noting that game viewing is not an exact science and sightings of particular species cannot be guaranteed.

## YOUR SAFARI VEHICLE

Safari vehicles are driven by expert driver/guides, who have extensive knowledge of the regions and wildlife.

Tanzania safaris operate using 4-wheel drive vehicles accommodating five or seven passengers, and are equipped with a cool box for you to store your drinks.

**Window seat guaranteed on this itinerary.**

All vehicles have a game viewing roof hatch. For your privacy, you may request the use of an exclusive vehicle for yourself and your party.

## HOT AIR BALLOONING - A MUST!

Optional Hot Air Ballooning can be arranged on this itinerary, while on the Serengeti. This exhilarating experience starts at dawn, with around an hour in the air, followed by a Bush breakfast complete with sparkling wine.

**£315 per person**

This itinerary operates with a maximum of 7 passengers, all guaranteed a window seat. See above for vehicle options. Pack a mixture of warm and light clothing in soft bags plus sunglasses, camera and insect repellent. Minimum age 8 years. Price supplements are correct at the time of publication but are subject to change without notice.
