ON SAFARI IN TANZANIA

The Swahili word 'safari' literally means 'journey'. Today, the word has been adopted throughout Africa to encompass the thrill and excitement of game viewing. East Africa lays claim to some of the world's finest game viewing against a backdrop of diverse and dramatic landscapes.

WHY CHOOSE A FLYING SAFARI?

More and more visitors to East Africa are choosing a 'Flying Safari', which includes internal transfers by air, instead of by road. This option is usually more expensive, but there are many benefits from travelling in this way.

Most obviously you can save time travelling between parks and increase time relaxing on holiday and enjoying game drives. In their own right the light aircraft flights are exhilarating and exciting. Often you are one of only a handful of people in the aircraft flying over the varied African landscapes. Game drives are conducted in 4x4 vehicles.

Please bear in mind that all of the itineraries shown can be adapted to suit your personal requirements. Simply contact us for your tailor-made quotation. Luggage allowance on light aircraft is 15 kg per person. Flights may operate via various airstrips en route. Extensions to Mombasa, Lamu, Zanzibar, Seychelles and Mauritius are easily combinable.

GAME DRIVES

A safari guarantees both excitement and the unexpected! This includes close encounters with wild animals, bumpy roads and helping out when the odds are down. Game drives normally take place early morning and evening when the animals are more active, and last between one and two hours. At some lake lodges game drives are not provided, Although optional excursions may be purchased locally. Game drives are not included at tree lodges, as they overlook water holes and salt licks which attract animals during the day and night. It is worth noting that game viewing is not an exact science and sightings of particular species cannot be guaranteed.

HOT AIR BALLOONING - A MUST!

Optional Hot Air Ballooning can be arranged on this itinerary, while on the Serengeti. This exhilarating experience starts at dawn, with around an hour in the air, followed by a Bush breakfast complete with sparkling wine.

£295 per person

This itinerary operates with a maximum of 6 passengers, all guaranteed a window seat. See above for vehicle options. Pack a mixture of warm and light clothing in soft bags plus sunglasses, camera and insect repellent. Minimum age 8 years. Price supplements are correct at the time of publication but are subject to change without notice.
