GAME DRIVES

A safari guarantees both excitement and the unexpected! This includes close encounters with wild animals, bumpy roads and helping out when the odds are down. Game drives normally take place early morning and evening when the animals are more active, and last between one and two hours. At some lake lodges game drives are not provided, although optional excursions may be purchased locally. Game drives are not included at tree lodges, as they overlook waterholes and salt licks which attract animals during the day and night. It is worth noting that game viewing is not an exact science and sightings of particular species can't be guaranteed.

Pack a mixture of warm and light clothing in soft bags plus sunglasses, camera and insect repellent. Minimum age 8 years. Price supplements are correct at the time of publication but are subject to change without notice.
